Available at the CIA Library is an original draft, dated 11 December 1953, for a unit mill with three type H/LM 1250 air-separation mills which are to be used as dust-culm air separation mills. The unit mill, which is scheduled to be delivered to the Oswiecim, Poland, power station, was constructed at VEB Land-, Bau- und Holzbearbeitungs-Maschinen (agricultural, construction, and wood working machinery) (LBH) of Teltower Hartzerkleinerungs-Maschinen (machines for the crushing of hard materials).
